

Privacy Policy

for Go Software Sp. z o.o.

§1. General Provisions

1. The administrator of personal data is Go Software Sp. z o.o., with the headquarters in Gliwice, registered under the number 6312701477. Personal data security is handled according to the restrictions of the law and their storage takes place on secured servers.
2. For interpretation of terminology, we use the regulation glossary in the Privacy Policy document.
3. For a better understanding of the Privacy Policy, we use the term “You” for the “User” and “We” for the “Administrator”. The term “GDPR” means General Data Protection Regulation (GDPR), which is the law created by the European Parliament and Council (EU) 2016/679 dated April 27th 2016, regarding the protection of natural persons under the processing of personal data.
4. We respect the privacy law and care about data security. That’s why we use the Secure Sockets Layer (SSL) protocol.
5. Personal data given in the form on a landing page are treated as private and as such they are not visible to unauthorized personnel.

§2. The Data Administrator

6. The service provider is the administrator for people enrolled in for a newsletter.
7. Personal data are processed:
 1. according to the law on the protection of personal data
 2. according to our Privacy Policy
 3. for the purpose necessary for agreement creation and shaping its contents, changes in it and finally revoking it and for the purpose of services performed digitally
 4. for the purpose necessary for fulfillment of legally-backed interests and goals and the processing does not affect the disputes and freedoms of the person whose data is concerned
 5. within the boundaries of the purpose of our agreement if you signed up for newsletter

3. Every person which handed over his or her data has the right to access the data, edit, delete or limit its processing. Also, the right to objection and the right to litigation in front of a supervisory authority.
4. Contact with the person overseeing the processing of the personal data in the organization of the contractor is possible via email: hello@gorrion.io.
5. We reserve the right to process your data after the contract dissolution or the agreement withdrawal only in the field of pursuing the potential claims before the court or if the local, European or international law obligates us to data retention.
6. The service provider has the right to hand over a user's personal data or other data to the authorized organizations that have the right to view them.
7. Deleting the personal data can happen when the user withdraws his or her consent or present a legally-binding objection for personal data processing.
8. The service provider does not share personal data with other organizations unless they are authorized to view them based on the local law.
9. We have put pseudonymization, data encryption and access control in place to minimize the impact of a possible security breach.
10. Personal data are processed by the authorized personnel.

§3. Cookies

11. We use cookies. They are 16 text files sent by a web server and stored by computer browser software. When the browser reconnects to the site, the site recognizes the type of device used by the user for connecting. Parameters allow reading of the information contained in the cookies only to the server that created them. Therefore, cookies make it easier to use previously-visited sites.
The information collected relates to the IP address, the type of browser used, language, operating system type, internet service provider, information about the time and date, location, and information sent to the site via a contact form.
12. The collected data are used to monitor and determine how users use our websites, to improve the functioning of the service in order to ensure more efficient and seamless navigation. Monitoring of information about users is performed with use of the Google Analytics tool that registers user behavior on a site and Hotjar that creates heatmaps and records visitors activities on our site.
13. Cookies identify the user, allowing to adjust the content of the website to the user's needs. Remembering user preferences allows for the proper fit of displayed advertisements. We use cookies to ensure the highest comfort standard of our site, and the collected data are used by Go Software Sp. z o.o. only internally in order to optimize activities.

4. The data are stored and processed in accordance with Polish law. We respect the privacy of our users, therefore the stored data are confidential and not shared with third parties. Their security is a high priority for us, that is why they are collected on safe and protected servers.

Cookies can not access data on a user's disk, nor are they able to establish a user's identity. Also, they do not track user's activities after leaving our site.

5. On our site we use the following types of cookies:

1. "essential" cookies which allow the use of services available on the website, such as authentication cookies used for services that require authentication through the website
2. cookies used to ensure safety, such as the ones used for detection of fraud in authentication through the website
3. "performance" cookies for collecting information about the use of the website
4. "functional" cookies for "saving" user-selected settings and customizing the user interface, as regards (for example) language or region of origin of the user, font size, website appearance, etc.
6. Users can at any time disable or enable the option of cookie collection by modifying the settings in their browser. Instructions for cookie management are available at:

<http://www.allaboutcookies.org/manage-cookies>

Additional personal information, such as e-mail address, is collected only in places where the user expressly consents while completing a form. These data are stored and used by us only for purposes necessary to perform a particular function.
